

**UPPER CAPE COD REGIONAL TECHNICAL SCHOOL
DIVISION OF NURSE EDUCATION
PRACTICAL NURSE PROGRAM**

ADVANCED PLACEMENT*

Students may apply to enter the program at the beginning of Term II provided they can supply satisfactory proof of completion of all the Term I course content with a grade of "B-" or better within the past two years if the student is not currently matriculated in a nursing education program. For currently matriculated transfer students, course content may be older than two years. An original transcript of grades is required and a course outline may be required at the Director's request. The Term I courses are: Anatomy and Physiology, Fundamentals of Nursing, Vocational Trends in Nursing, Introduction to Pharmacology, and Nutrition. Entrance into the program will be determined on a space available basis. Students may not transfer into the program anytime after Term II.

Cumulative averages do not transfer with students. The grade for approved transfer course/clock hours will be noted on the UCT transcripts as Transfer Credit. A new cumulative grade begins with the commencement of a student's career at UCT and reflects only work completed as a UCT student.

ADVANCED PLACEMENT or TRANSFER OF MILITARY EDUCATION, TRAINING OR SERVICE FOR A MILITARY HEALTH CARE OCCUPATION*

Applicants who have military health care education, training, or service may be eligible for advanced placement or transfer of previously completed course credit.

Due to the variety of opportunities for military health care occupation education, training, or service can vary, each applicant will be considered on a case-by-case basis. Materials that will be required to determine advance placement or transfer include, but may not be limited to: Transcripts; Course descriptions; Skills checklists; and/or Evaluations.

TRANSFER CREDIT FOR NON-CLINICAL NURSING COURSES*

A student who has completed Anatomy and Physiology I and Anatomy and Physiology II, Nutrition, and/or Introduction to Pharmacology, from another regionally accredited post-secondary institution – one recognized by the US Department of Education - within the past **two years**, inclusive of Honors Anatomy and Physiology and /or Honors Nutrition completed at UCT, and has obtained a grade of "B-" (80% or greater) or better may be eligible for transfer credit. To obtain transfer credit the student must provide the program director with:

1. an official transcript documenting completion of the equivalent course within the past two years with a grade of "B-" (80%) or better;
2. a description of the course (catalog, syllabus or similar documentation) which demonstrates the course(s) for which the student is seeking transfer credit is equivalent to the course offered at UCT in content and hours;
3. additional materials that the program director may request.

Students will be notified by the program director when transfer credit is awarded. If the student is eligible for Title IV Financial Aid, the exemption credit may impact the amount of the student's award.
